

How to park near CCAS

These instructions are not entirely dummy proof so please use with caution!

**770 N. Halsted, 4th floor
Chicago, IL 60642**

****Our actual entrance is on Chicago, not Halsted. Look for the Cafe Blue signs and come up to the 4th floor!**

Metered Street Parking→

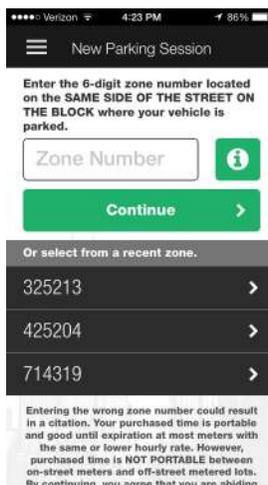

Parking on the north side of Chicago is not allowed until 6pm (high traffic) so do not park there between 4-6pm.

Parking on the south side of Chicago is allowed by metered parking (closed 7-9am). I recommend downloading the free app (ParkChicago) so you can fill your meter from your phone rather than going down to get another ticket to put on your car's dashboard every 2 hours. The app is fairly self explanatory and will update you to refill your meter when the time is almost up.

*I'm sure Halsted has similar rules for which side of the street you can or cannot park on depending on the time of day so check the pay center.

Free/Non-metered Street Parking→ You may also find free parking around the building on side streets; be sure to take note of the times allowed if it is a permit area. Some areas allow you to park for free in a permit area until 3pm. Just be sure to move your car before 3pm!

Free parking along church lot fence→ You may also get lucky and find a spot along the fence past the church lot on Chicago.

CTA:

Blue Line→ You can either get off at the Grand or Chicago exits. If you get off at Grand, walk north on Halsted, take a left (west) on Chicago, and our entrance is where the Cafe Blue sign is. We are on the 4th floor. If you get off at Chicago, walk east on Chicago. Our office will be on the south side of Chicago. If you hit Halsted, you've gone a bit too far!

Bus→ The 8 bus runs up and down Halsted right outside our office. The 66 bus runs east and west just outside our office as well.
